

You're Invited!

Do you live in Minnesota?

Do you have a behavioral health background?

Are you interested in helping others?

Then We Want You!

The MN BH MRC is a group of volunteers who respond to disasters in Minnesota and possibly throughout the US. We provide behavioral health support to survivors and first responders in a variety of settings.

We are looking to add volunteers throughout the state to our response team. We provide trainings and support to our volunteers and the opportunity to help those who are in crisis. Are you interested in joining our team? Do you have any questions?
